

# VIEVU SOLUTION™

DIGITAL EVIDENCE MANAGEMENT

VIEVU Solution™ is a fully-hosted digital evidence management system. It is built on the Microsoft® Azure Government cloud platform; the first enterprise cloud to directly support Criminal Justice Information Services (CJIS) with worldwide accessibility, and the most trusted cloud for mission-critical government workloads. VIEVU Solution facilitates the secure upload of videos and documents directly from a computer or smartphone. Users can also add video metadata and safely share sensitive information protected by advanced security features, while meeting the chain of custody compliance requirements typical of law enforcement agencies with comprehensive and transparent audit logs native to the cloud.

---

### **WEB INTERFACE**

VIEVU Solution is fully hosted and can be accessed from any modern web browser. An optional IP restriction feature allows you to control the locations where the system can be accessed preventing unauthorized access.

---

### **CJIS COMPLIANCE: MICROSOFT AZURE GOVERNMENT**

VIEVU partnered with Microsoft to develop the VIEVU Solution cloud platform on Microsoft Azure Government\*, which is the first – and only – hyper-scale commercial infrastructure cloud platform contractually committed to helping federal, state and local governments meet CJIS Policy requirements. The VIEVU Solution allows government customers to store their data in the Cloud without concern over CJIS compliance. Microsoft Azure Government has statutory CJIS compliance to state laws, regulations, agency requirements and is FBI-certified.

\* Non United States Government customers are hosted on the public Azure platform.

---

### **CASE MANAGEMENT**

VIEVU Solution includes a lightweight case management feature allowing you to upload and store all file types including videos, pictures and documents in one secure location. Use the VIEVU Solution to centralize all of your electronic evidence storage needs.

---

### **SMARTPHONE APP**

Use your smartphone or tablet to access the VIEVU Solution directly from the field. You no longer need a computer to upload and review videos, pictures and case file evidence. The VIEVU Solution app is available on Android and iOS.
